PROFILE

I am a passionate web developer with a strong foundation in creating dynamic and responsive web applications. My expertise spans both front-end and back-end development. Proficient in **HTML**, **CSS**, **JavaScript**, **Vue.js** and **React.js**. My expertise in Bootstrap ensures responsive design and cross-browser compatibility. Experienced with **PHP** and the **Laravel** framework, I build secure and efficient server-side applications. **API development and integration** with PHP Laravel. Skilled in **MySQL**, I design and optimize databases to support dynamic web applications. Version control with **Git** and **GitHub**.

WORK EXPERIENCE (2.5 YEAR+)

- TRZ Technologies, Lahore** 1/2024 - PRESENT
Full Stack PHP Laravel
 - At TRZ Technologies, I am working for **last one year** as a Full Stack PHP Laravel Developer. My expertise lies in **PHP**, **Laravel**, **JQuery**, **Ajax**, **MySQL** and also got intermediate experience in **Hosting**. I also work on real time chat system and push notifications using Pusher and Firebase.
- NodeSol Corp, Lahore** 1/2023 - 12/2023
Junior Full Stack Developer
 - At NodeSol Corp, I worked for **one year** as a Full Stack Developer, including a 6-month internship. My expertise lies in **PHP**, **Laravel**, **Vue.js**, and **MySQL**, where I developed and maintained dynamic web applications. I also created and integrated APIs, optimized database queries, ensuring seamless front-end and back-end integration.
- Comrade IT Center, Dipalpur** **
Junior Front End Developer
 - I served Comrade IT Center as a Front-End Developer for 6 months, working with **HTML**, **CSS**, **JavaScript**, and **Bootstrap**. During this journey, I also learned PHP, Laravel, and MySQL, expanding my skills beyond front-end development.
